

THURSDAY, FEBRUARY 6, 2020

5:30-7:30 **Pre-conference Case Discussion**
Bring a difficult case for advice

FRIDAY, FEBRUARY 7, 2020

6:00-7:00 **Pre-conference Case Discussion**
Bring a difficult case for advice

6:30-7:00 **Breakfast and Exhibits**

7:00 **Welcome and Introductions**
Augustus Mazzocca

SHOULDER 1: ARTHROPLASTY AND INSTABILITY

7:00-7:15 **History of the Walch Classification**
Walch

7:15-7:45 **Panel 1: Noodling on Glenoid Pathology. What is a B0 and can it be treated? Is there a primary B3 that doesn't Evolve through a B2? What initiates Posterior subluxation? When does A B2 become a B3? And many others.**
Moderator: *Aaron*
Panel: *B. Parsons, Romeo, Macy, Green, Walch, Nicholson, Warner*

7:45-8:15 **Panel 2: The painful Reverse (to the patient). It's not infected, it Looks great, but it hurts. Why, And what to do? Are we missing Something, could it be the "rotorcup"? Stem pain? Trunionosis? Failed subscap Repair?**
Moderator: *Jawa*
Panel: *Abboud, Warner, Romeo, Endrizzi, Earp, Walch, Nicholson*

8:15-8:45 **Panel 3: What do you do in a 16-year-old male with recent anterior instability and no bone loss? Straight to Latarjet?!# On the other hand: arthroscopic Bankarts don't seem to do as well as we think when followed in the long run. How do we decide? Why are there so few Latarjets done in the US?**
Moderator *N. DeAngelis*
Panel: *Romeo, Walch, Arciero, Busconi, Owens, Flik*

8:45-8:55 **Emerging Technologies in Shoulder Arthroplasty**
Jawa
8:55-9:00 **Moderator:** *Mazzocca*
Panel: *Walch, Warner, Romeo, Aboud*

9:00-9:15 Break and Exhibits

ELBOW 1: TRAUMA

9:15-9:35 **Panel 1: "I am on call... what do I do about this?"**
Elbow fracture topics for the elective shoulder and elbow surgeon- how do I safely put on an ex-fix? Nerve palsies associated with fractures. Debriding an open fracture before transfer- what should I throw away? What should I salvage?
Moderator *Dyer*
Panel: *Earp, Shafritz, Caputo, Cassidy*

9:35-10:00 **Panel 2: "I'm not sure what I'm looking at"**
Pediatric elbow fracture for the adult shoulder and elbow surgeon. Pediatric elbow fractures you should worry less about, 5 others you should worry more about
Moderator: *Cassidy*
Panel: *Dyer, Green, Caputo, Tolo, Nissen*

10:00-3:00 **Break and Exhibits**

INVITED LECTURES

Moderator: *Mazzocca*

- 3:00-3:20 **Management of rotator cuff tears**
Tony Romeo
- 3:20-3:30 **Discussion**
- 3:30-3:50 **Treatment of ulnar collateral injury
in the elbow: Current concepts in
2020**
Mike Ciccotti
- 3:50-4:00 **Discussion**
- 4:00-4:30 **Break and Exhibits**
- 4:30-4:50 **What I've learned treating anterior
shoulder instability**
Gilles Walch
- 4:50-5:00 **Discussion**
- 5:00-5:20 **The balloon for massive
irreparable rotator cuff tears**
Joe Abboud
- 5:20-5:30 **Discussion**
- 5:30-5:50 **The Inlay Glenoid. How and why it
Works for TSA in 2020**
Greg Nicholson
- 5:50-6:00 **Discussion**

SATURDAY, FEBRUARY 8, 2020

5:45-7:00 **Resident and Fellow Presentations:
Arciero-Warner Research Award**

ELBOW 2: SPORTS AND INSTABILITY

7:00-7:20 **Panel 1: Revisiting the distal biceps repair. What is the state of the art? What if you treat them nonop? Do they all need to be fixed? Do we all rehab the same?**

Moderator: *Sethi*

Panel: *Kimball, Caputo, Alberta*

7:20-7:40 **Panel 2: The high school pitcher with a partially torn UCL. He's not going Pro, but what do you do? PRP? Rix? How is this different than the pro athlete and why?**

Moderator: *Oh*

Panel: *Alberta, Romeo, Ciccotti, Nissen*

7:40-8:00 **Panel 4: The young athlete with an OCD. Op or Non-op and how do you decide.**

Moderator: *Nissen*

Panel: *Tolo, Oh, Ciccotti, Ramappa*

8:00-8:30 **Break and exhibits**

SHOULDER 2: BREAD AND BUTTER

8:30-8:55 **Panel 1: What I look for in the aging athlete's painful shoulder? All the MRIs look the same, what do you treat what do you ignore and what do you do about it? PRP, Stem cells?**

Moderator: *Alberta*

Panel: *Romeo, Ciccotti, Nissen, Edgar, Paxton*

8:55-9:20 **Shoulder stiffness: It's not sexy, but it's common. Idiopathic, with cuff tear, s/p fracture, s/p arthroscopy. How are they different and how to treat?**

Moderator: *Ramappa*

Panel: *Fehnel, Nicholson, W. Chan, Bell*

9:20-9:55 **60 yr old with irreparable cuff tear. What is irreparable. Burkhardt says everything is repairable. Bassem says lower the trap, the Japanese say SCR. Frankle says RSA. Abboud says balloon? Jawa says RSA not as good after failed RCR- is this true?**

Moderator: *Sethi*

Panel: *Stanwood, Walch, Abboud, Sethi, Blaine, Veltri*

9:55-10:20 **Proximal humerus fractures: There are 7 RCTs supporting non op tx, why do we keep operating and why don't we actually consider this an option? ASES 2019. Which fractures to manage nonop and which to surgerize.**

Moderator: *Bell*

Panel: *Nicholson, Alqueza, B. Parsons, Olson, J. DeAngelis, M. Parsons*

S&E: LESSONS LEARNED FROM OUR EXPERTS

Moderator: *Mazzocca*

10:20-10:35 **Save of the year**
Dyer

10:35-10:50 **Top 10 pearls for glenoid exposure- Open Instability cases and Shoulder Arthroplasty.**
Romeo

10:50-11:05 **Top 10 Pearls for Revision TSA and Osteotomy. How do I get the stem out, Glenoid out, How do I get out of the OR in a day**
Nicholson

11:05-11:20 **Procedures I did in fellowship that I no longer do: Shoulder**
Abboud

11:20-11:35 **10 Pearls for UCL Reconstruction Elbow**
Ciccotti

11:35-12:00 **Discussion**

12:00 - 1:00 **Business meeting**
